ECCC OUT AND ABOUT

Some of us will be taking part in trips next week to visit the Seven Saints of St Pauls Murals, as part of our Black History Month Celebrations. Join us in exploring the wonders of our city by taking a trip with your family!

The seven murals, created by local artist Michele Curtis and local muralists Paintsmiths, celebrate the rich history of the St Pauls area and the contribution to the windrush generation made to the local community and beyond.

You can use this sheet to tick-off the murals as you find them and prompt conversations about these important black figures with your child.

Want to share your time with us? You can upload photos to your child's learning journey (on Famly) or send them through to our email!

WHICH MURALS CAN YOU SPOT?
